PROFESSIONAL SUMMARY

Computer Engineering student (Semester 3, first-year CGPA 9.2/10) with hands-on experience building full-stack authentication systems, an ML-powered agri-tech product, Smart India Hackathon and hackathon prototypes, and authorized cybersecurity lab projects. Web Development Intern at InAmigos Foundation (Sep 2026). Comfortable with React, JavaScript, Node.js/Express, FastAPI, REST APIs, Git/GitHub and security tools in Kali Linux.

EXPERIENCE

Web Development Intern | InAmigos Foundation (registered non-profit), Remote | 10 Sep 2026 - 23 Sep 2026

- Selected for a remote web development internship; completed assigned web development tasks on deadline, took part in team discussions and activities, and followed foundation policies including confidentiality of sensitive information.
- Recognized with a Certificate of Appreciation for dedicated efforts and received a Letter of Recommendation from the Founder and CEO.

TECHNICAL SKILLS

Languages and Web: JavaScript (ES6+), HTML5, CSS3, Python, Java, C, C++
Frontend: React.js, Tailwind CSS, Responsive Design, DOM Manipulation
Backend and APIs: Node.js, Express.js, FastAPI, Spring Boot, REST APIs, JWT, bcrypt
Databases: MongoDB, MySQL, SQLite
ML / Data: TensorFlow, MobileNetV2 (transfer learning), Google Colab
Tools and Deployment: Git, GitHub, VS Code, Vercel, Render
Cybersecurity: Kali Linux, Nmap, Burp Suite, Metasploit, John the Ripper

SELECTED PROJECTS

AgroSafe - Crop Health App | React, FastAPI, TensorFlow/MobileNetV2 | Live Demo | GitHub

- Detects paddy/rice diseases from leaf photos and returns treatment guidance from a curated prescription library.
- Trained MobileNetV2 on the 10,407-image Paddy Doctor dataset (10 classes); serves predictions above a 70% confidence threshold with Green/Yellow/Red indicators.

SkillAlign - Smart India Hackathon 2026 (PS 26134) | FastAPI, SQLite, Python, HTML/CSS/JS | Live Demo | GitHub

- Job-market analysis platform exposing the gap between education and industry skills; FastAPI REST endpoints for skills, experience, salary, locations, insights and auth.
- Wrote a Python analysis script generating an insights report from a job-postings dataset; built and deployed the frontend on Vercel.

Artify - Digital Art Platform | Node.js, Express, SQLite (libSQL), JWT | Live Demo | GitHub

- Full-stack creative platform with Express REST backend, bcrypt password hashing and JWT authentication; searchable gallery, category filters and artist portfolios; deployed on Render.

Secure Login App | React, Tailwind CSS, Node.js, Express, MongoDB, JWT | Live Demo | GitHub

- Registration, login, logout and protected dashboard; bcryptjs hashing with JWT-protected routes; React frontend on Vercel with Express/MongoDB API on Render.

InternGuard AI - Internship Email Risk Analyzer | HTML, CSS, Vanilla JS | Live Demo | GitHub

- Client-side tool scoring internship offer emails 0-100 with red flags, trust signals, next steps and a verification reply template; scan history in localStorage.

WasteWise - Smart Recycling Rewards | HTML/CSS/JS, Java 17, Spring Boot, MySQL, JWT | Live Site | GitHub

- Responsive recycling-rewards site plus a register/login REST API in Spring Boot with MySQL, BCrypt hashing and JWT (API documented for local run).

ALETHEIA - Misinformation Defense Engine (team hackathon prototype) | JavaScript, REST APIs, SSE, SHA-256 |

- Collaborated on a real-time verification workflow prototype: claim streaming, risk scoring, evidence reports and SHA-256-linked records.

Additional projects: InnoVate E-Cell challenge dashboard (React, Apps Script) | GoT Lore Map | Expense Tracker (localStorage) | Weather App (OpenWeatherMap API) | Blackjack

CYBERSECURITY LAB AND PUBLIC WRITEUPS

Authorized practice only: Kali Linux lab on VMware with Metasploitable2 and DVWA; TryHackMe and Hack The Box environments. Enumeration, web vulnerabilities, hash cracking, controlled exploitation and privilege-escalation workflows, documented in public writeups: github.com/Ishan-113/pentest-writeups

EDUCATION

B.E. Computer Engineering, Thakur Shree DPS College of Engineering and Management, Mumbai - First-Year CGPA 9.2/10, currently enrolled (Semester 3)
Higher Secondary (Class XII), Maharashtra State Board - 82.83% | **Secondary (Class X)** - 86.2%

CERTIFICATIONS AND ACHIEVEMENTS

Cisco Networking Academy: Introduction to Cybersecurity, Networking Basics, Operating Systems Basics (verified Credly badges).
InAmigos Foundation: Certificate of Internship and Certificate of Appreciation (Sep 2026).
